Admission Requirement and Admission Process Summary

STEP 01
Eigibility Requirements

To be considered eligible for admissions to the College of Medicine, all applicants must meet the following requirements:

Minimum MCAT score of 500

Bachelor degree completed by June 30, 2026

One 3-credit hour Indigenous course

Minimum AGPA of 3.30

Meet the conditions of one of the following cohorts:

- Resident of Manitoba, Nunavut, or Northwest Territories
- Resident of Northwest Ontario
- Indigenous Applicants with Kinship/ Community ties to Manitoba
- Member of Canadian Armed Forces

Applicants applying from the first and third cohorts can identify as a member of one or more Priority Populations:

- Indigenous
- Catchment Areas
- Marginalized

STEP 02
Academic Assessment (AAS)

All applicants who meet all of the eligibility requirements will be reviewed by the Academic Attributes Subcommitee and assigned an Academic Attributes Score (AAS).

Holistic Academic Review

- MCAT
- AGPA
- Transcripts
- Advanced Degree Publications
- Statement of Clarification
- Accommodations
- Priority Population Total (PPT)

After review and assessment, applicants who meet the minimum AAS threshold will be invited to Step 3 (MMI & AKI).

STEP 03
MMI & AKI Assessment

This is the 1st stage of the interview process. The MMI will take place online in December.

Multi-Mini Interview Assessment (MMI)

Applicants who pass the MMI will have their application reviewed further and assigned an AKI score.

Allyship and Knowledge Index (AKI) scores are calculated by using applicants 10 lived experiences based on Volunteer, Life, Work, and Academic Experiences + Acquired Knowledge

Applicants will be ranked based on a prioritization equation to be selected for SPI.

Prioritization Equation = AAS + MMI + AKI

The top ranking applicants will be invited to continue the application process and are invited to Step 4 (SPI).

STEP 04
SPI Assessment

This is the 2nd stage of the interview process. The SPI will take place in person between February and March. Specific dates will be communicated in the annual applicant documentation.

Structured Panel Interview

The SPI is designed to provide a deeper more comprehensive assessment of non-academic attributes. It also serves to verify information in the applicant's file.

The interview panel and raters will have access to the full applicant's file including:

- Ten Lived Experiences
- Letters of Reference
- Letters of Support (as applicable)

Following SPI, all applicants will move to Step 5, Final Review.

STEP 05
Final Review

Applicants at this stage will undergo a final Holistic Review process.

Final Holistic Review

- MCAT
- AGPA
- All applicant submitted materials
  - Ten Lived Experiences
  - Statement of Clarification
  - Academic History
- Priority Population Total
- Rubric Review
- Multi-Mini Interview
- Allyship and Knowledge Index
- Structured Panel Interview
- Letters of Reference
- Verification Summaries
- Professionalism

After final review, applicants will be notified if they have been accepted, waitlisted, or declined an offer of admission to the College of Medicine.

University of Manitoba
